

Soaring Skies Federation

Dear Panthers,

How are you? How has your week been? I hope you and your family are still safe and well.

How are you finding our new Spanish platform <https://schools.duolingo.com/>? The site has loads of fun activities to help you learn Spanish. This week you have been set tasks on common Spanish phrases. Please complete the activities. Remember you can phone the school office for your log in details if you have not received them yet.

Good job everyone for trying your best with your home learning tasks. This week, you will be writing your own story about the aliens and planet you created last week. You could also make a play, film, comic strip or animation to tell your story as an extra challenge.

I would like to say a special well done to Anh Tu, Joshua and Amari who have been working hard on activities and trying for high scores, on Education City. All of you have been trying your best, keep it up! New activities have been set for this week.

I hope you are enjoying our new class novel. What do you think of the text so far? Which words or phrases have caught your eye? If you have not yet picked up your copy, you can access the text here: [Fortunately, the Milk](#).

Have a lovely week Panthers! You are all very brave and amazing! Remember good listening, good manners and co-operation with your family members; they are doing a brilliant job too!

Have a lovely week,

Ms Akinmoyede
